

PLEASE HELP SUPPORT MIA'S DREAM FUND

July 17, 2007

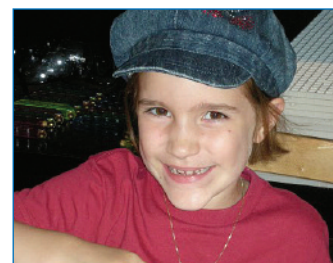

Mia (on far right) with her sister and close friends

Dear Neighbor and Friends,

This note is to let you know that our daughters (Megan & Rosie Becker) will be hosting a lemonade stand in our neighborhood (Fairfield Development) with a very special mission in mind. We plan to donate all proceeds from the stand in support of a very special little girl. Her name is Mia Carrell and she is six years old.

Mia goes to Quarry Hill Elementary School and is a very close friend of Megan and Rosie. Mia is fighting a rare form of cancer called "*Rhabdomyosarcoma*". She has been through many Chemo treatments since she was diagnosed in April 2007, which has really taken its toll on her, but she bravely continues her fight to be well.

Mia's chemotherapy will continue until May of 2008 and this August she will start radiation treatments at MD Anderson in Texas which will occur every day (except weekends) for no less than 6 weeks. Mia will need the continued support of her friends and family as she begins this new phase in her treatment far away from home. Mia is a very active child with a positive attitude toward life and her current situation.

"**MIA'S DREAM FUND**" has been established by Mia's classmates and their families to help make a difference in her life. Donations will be used to assist Mia's family in various aspects related to her care such as transportation, medication and physician co-pays, and of course go towards her "Make a Wish" Dream Fund. With your help and prayers, Mia can hopefully live a cancer-free life and a new beginning as early as next spring. We are hosting a stand in her honor as follows:
